

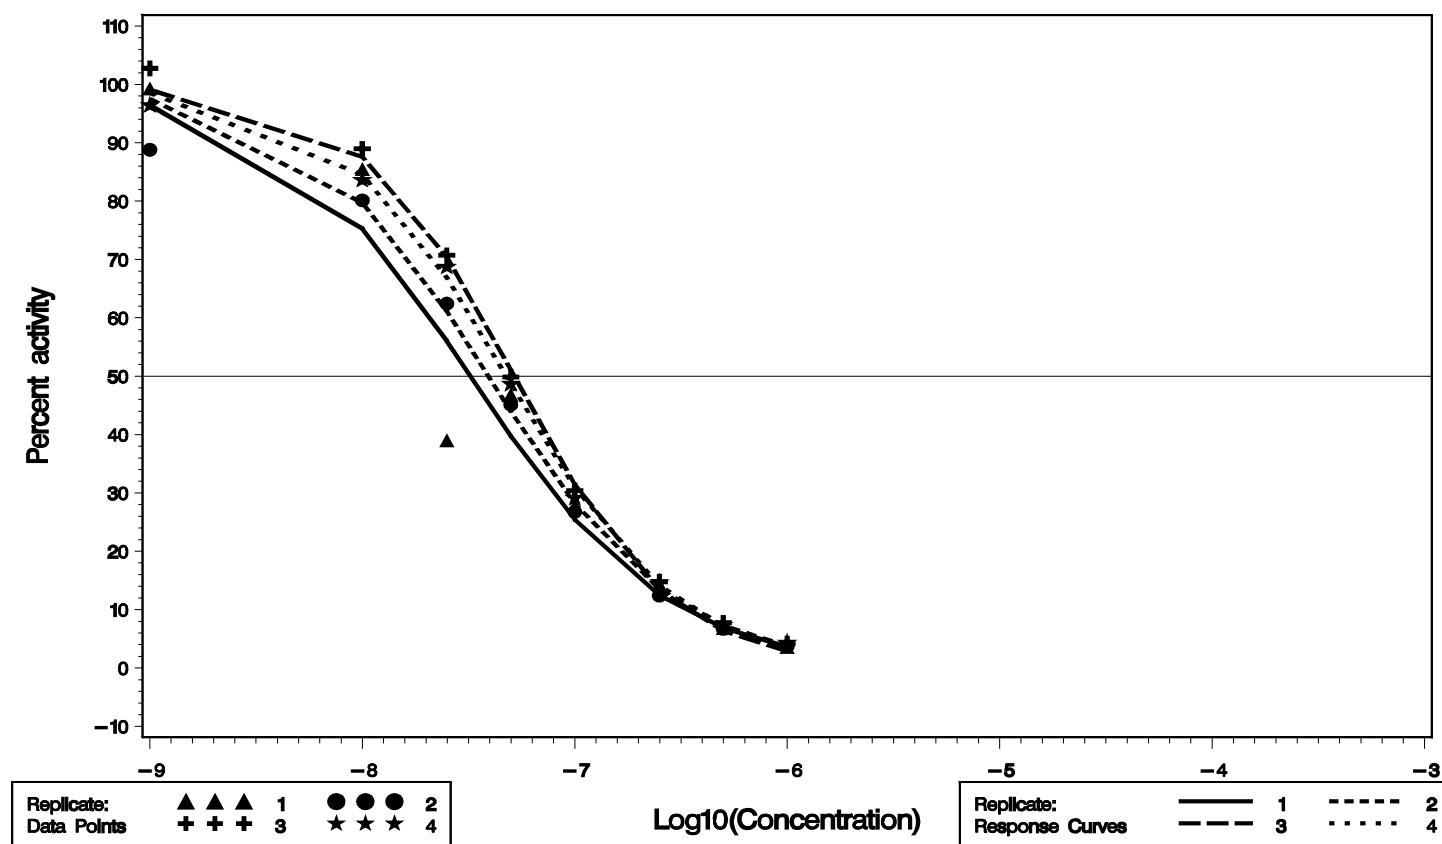

Figure 10 Placental Aromatase Response Curves

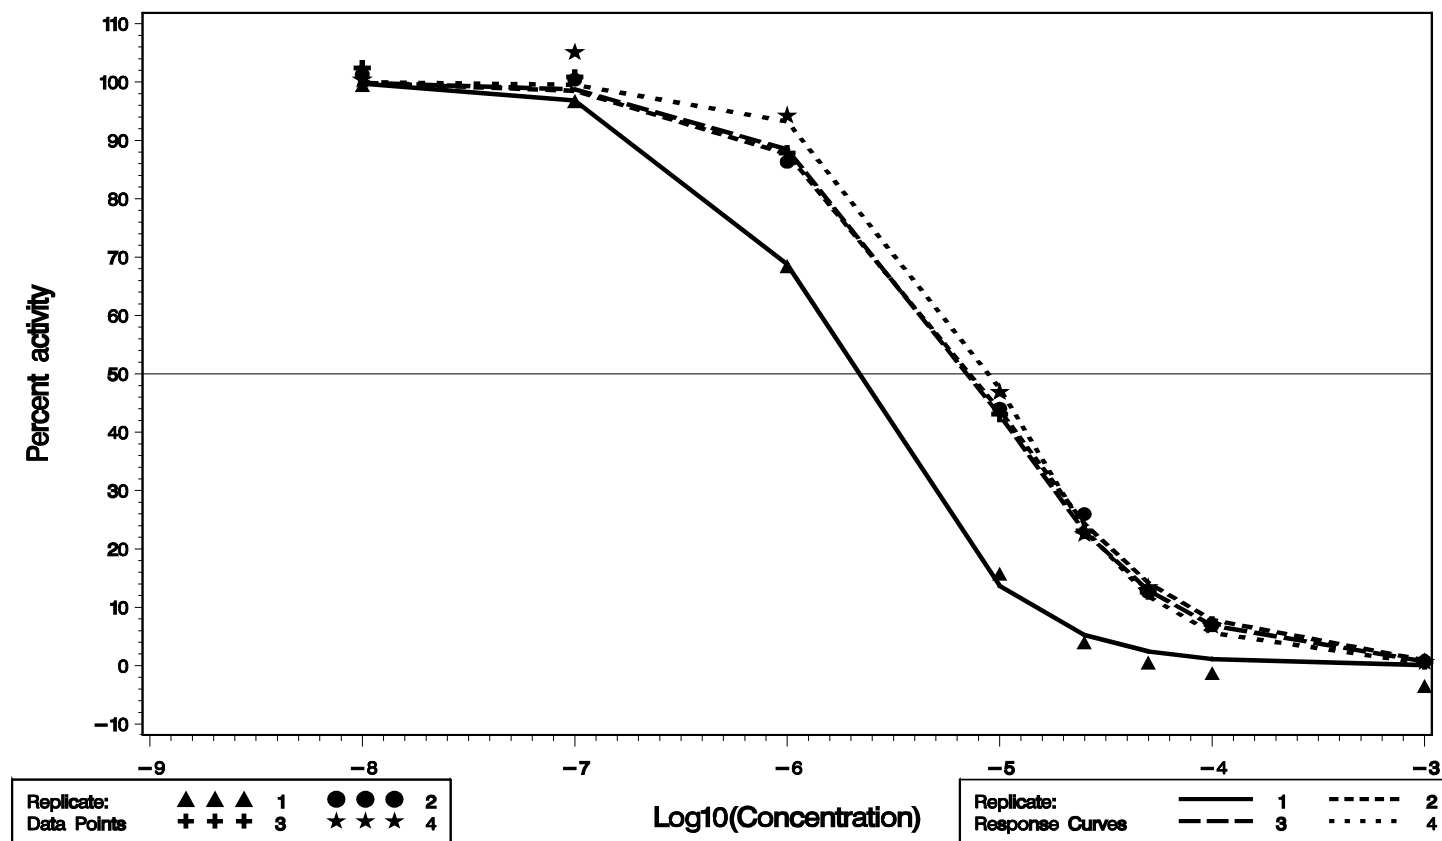

Placental Data Activity Results and Predicted Response Curves

Chemical=4-OH androstenedione

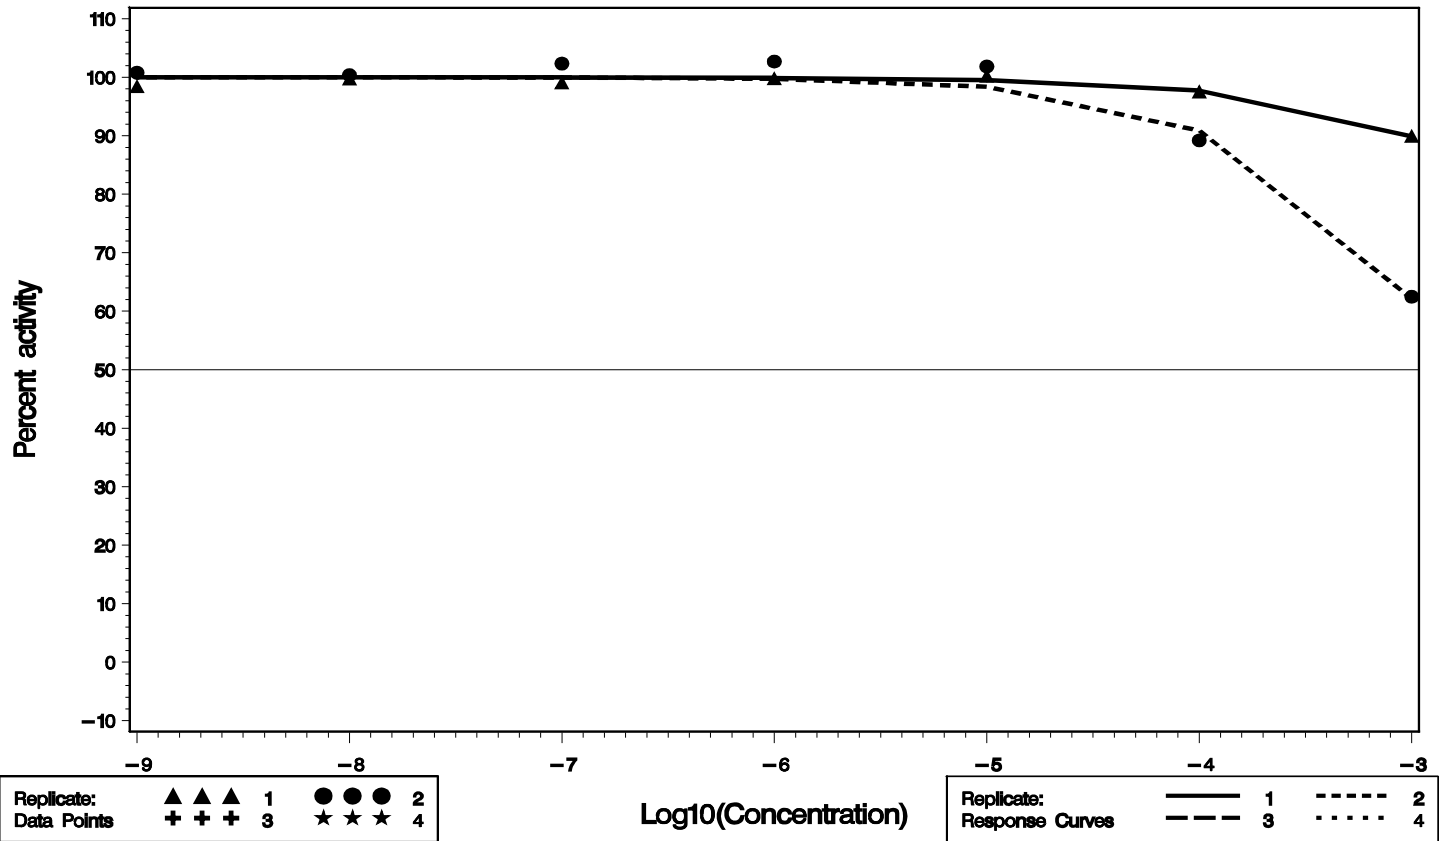

Placental Data Activity Results and Predicted Response Curves

Chemical=Aminoglutethimide

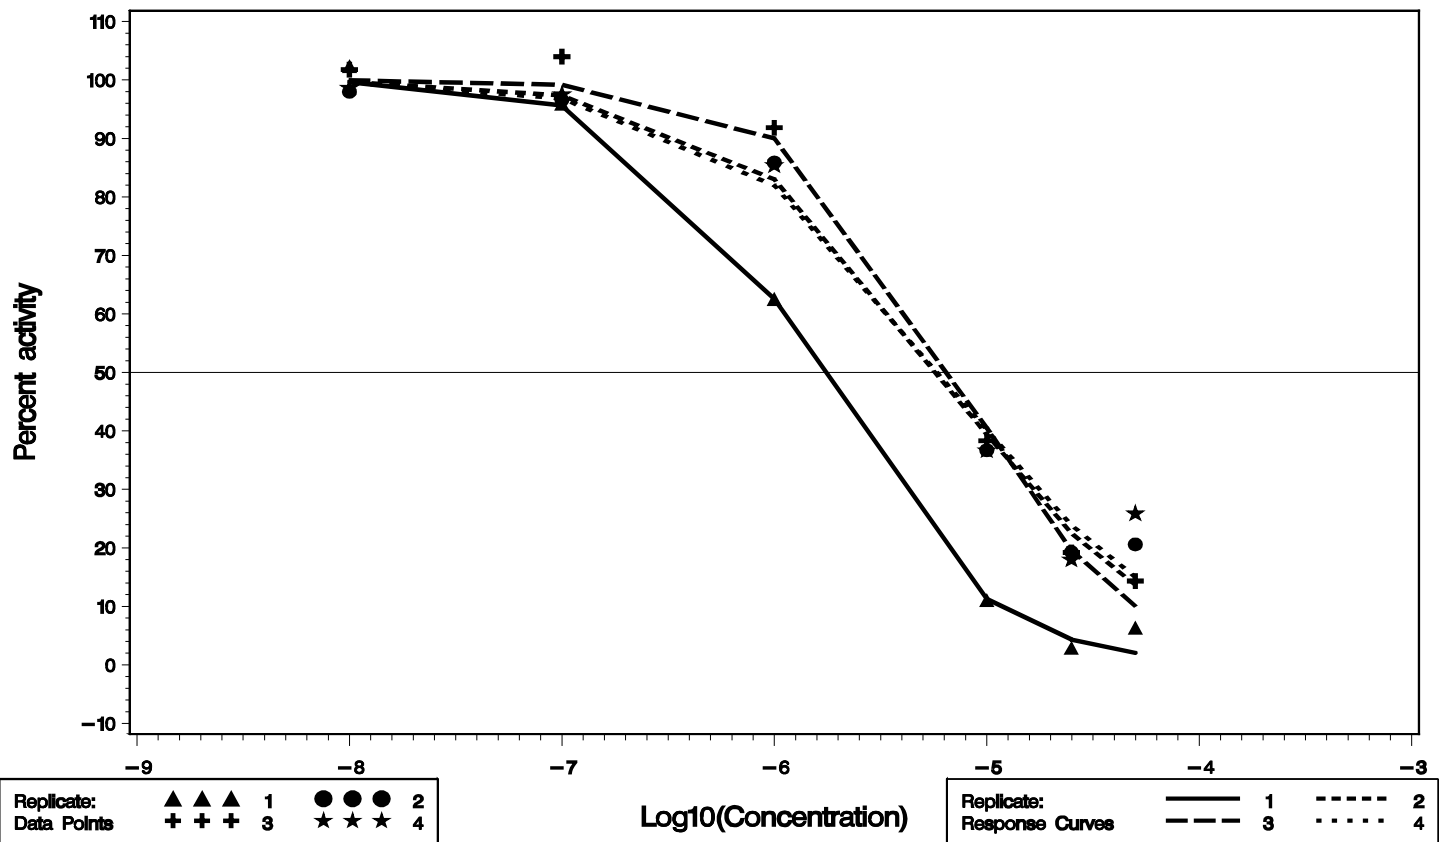

# Placental Data Activity Results and Predicted Response Curves

Chemical = Atrazine

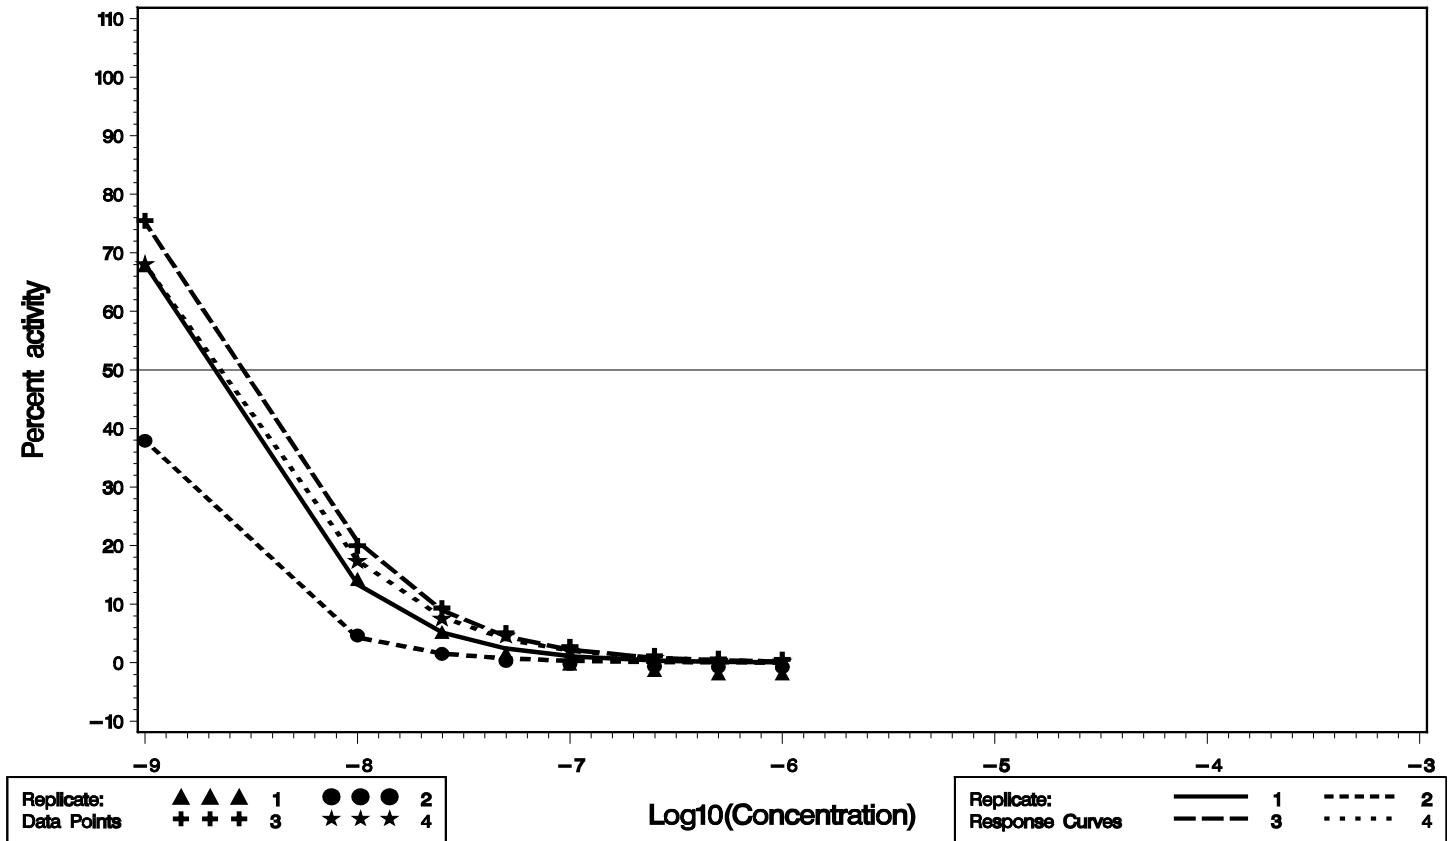

# Placental Data Activity Results and Predicted Response Curves

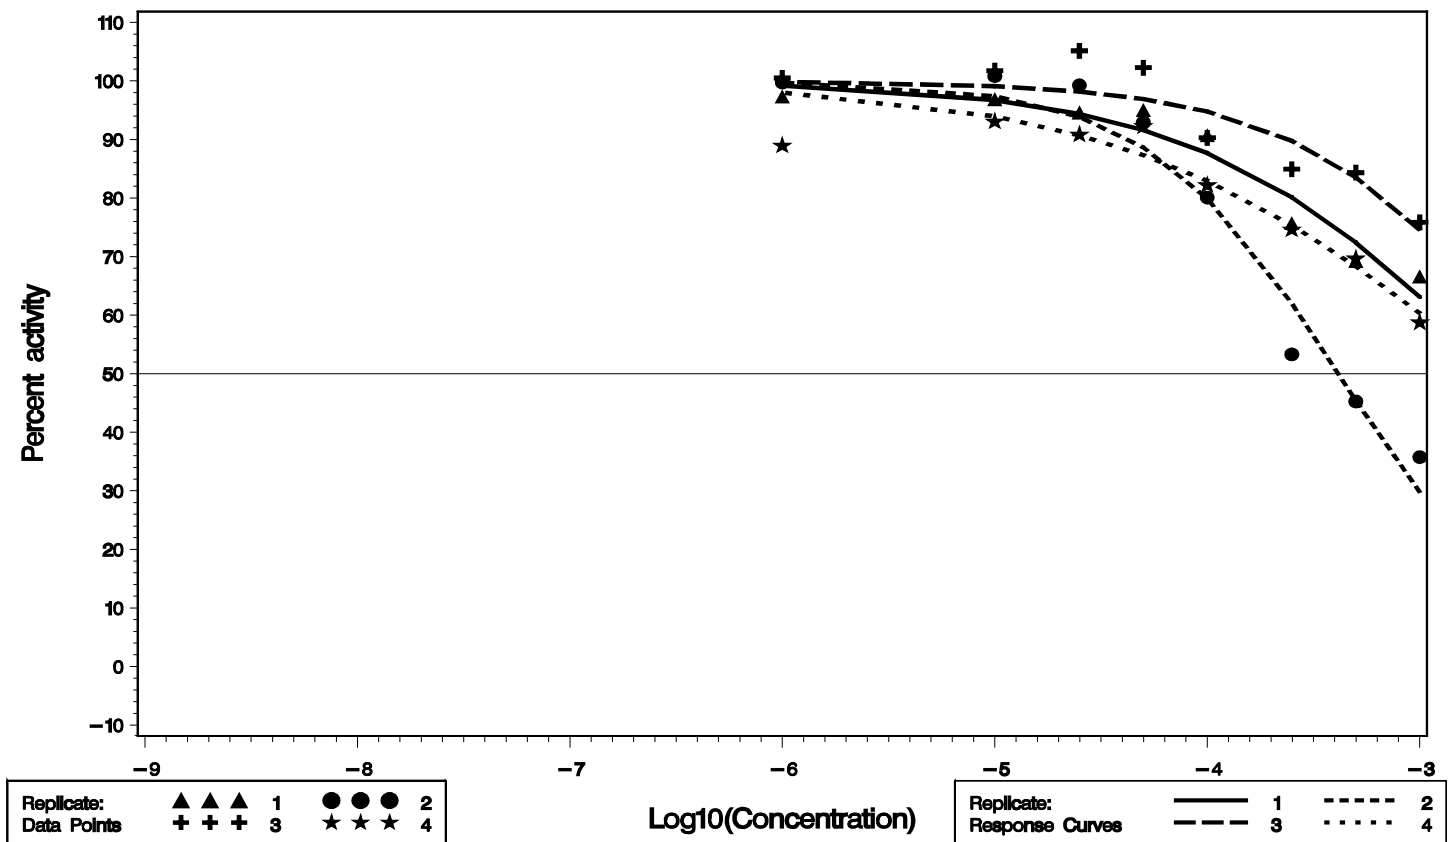

Chemical = Chrysin

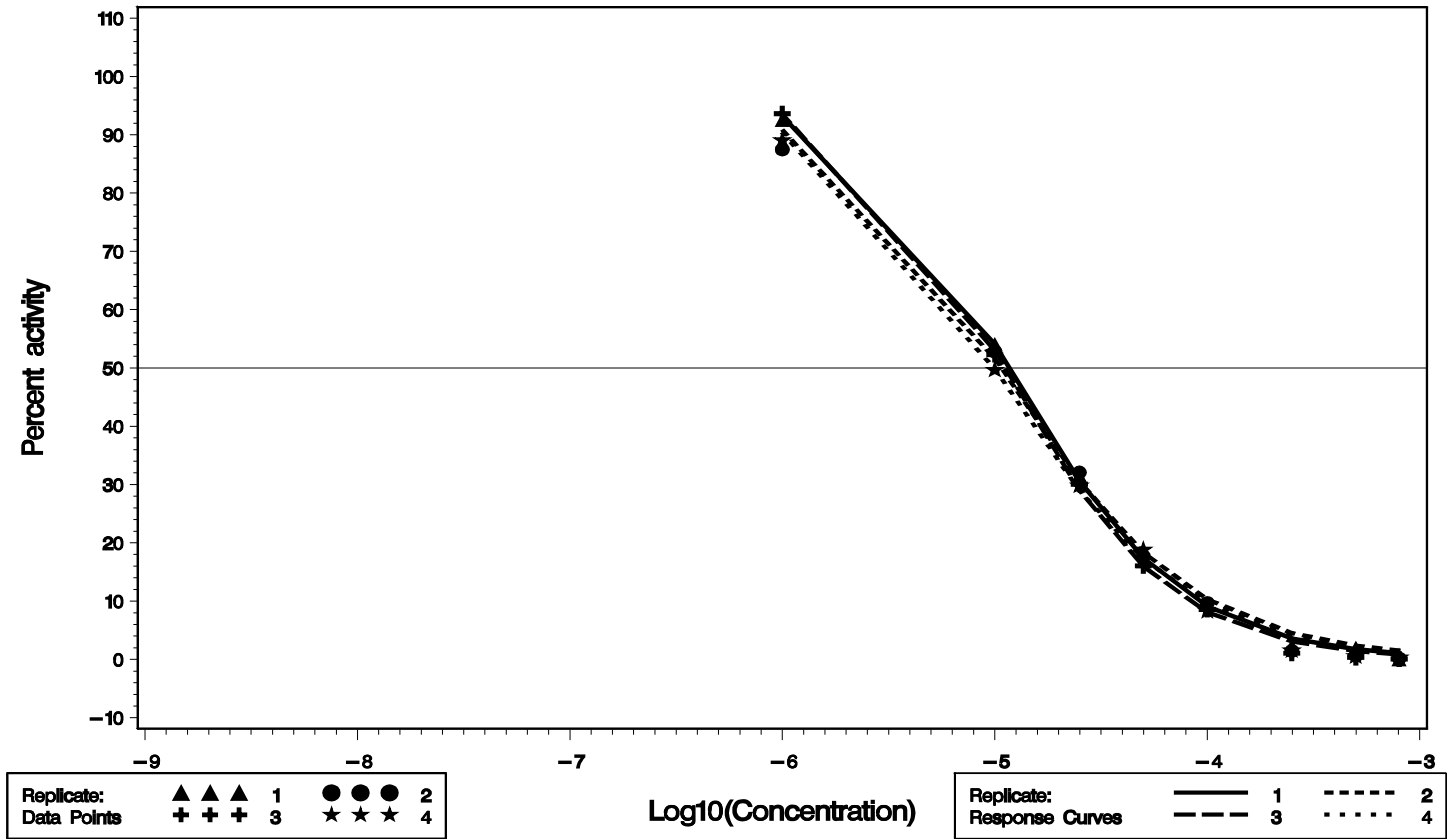

Placental Data Activity Results and Predicted Response Curves  
Chemical = Econazole

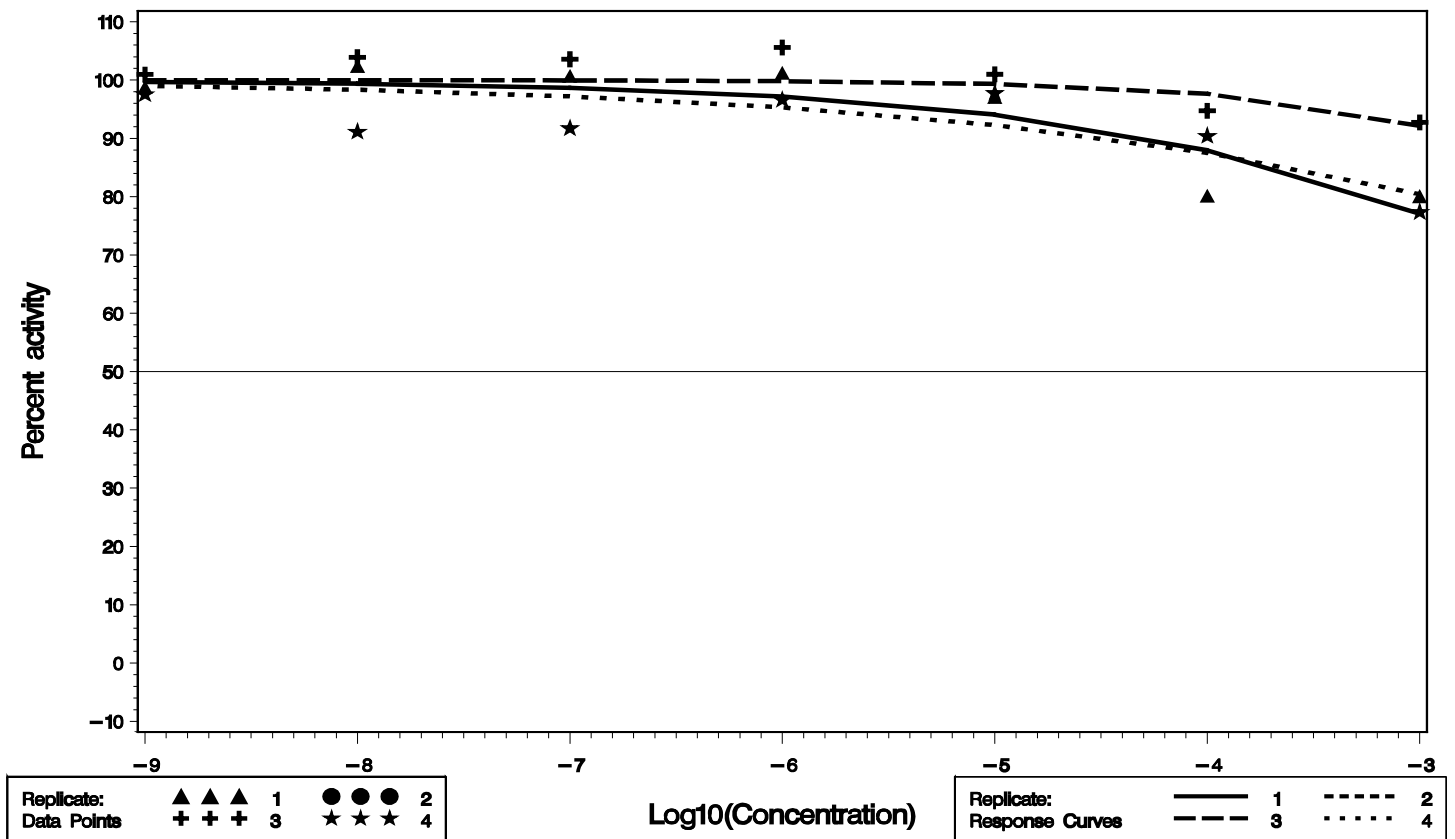

Placental Data Activity Results and Predicted Response Curves  
Chemical = Genistein

Placental Data Activity Results and Predicted Response Curves  
Chemical = Ketoconazole

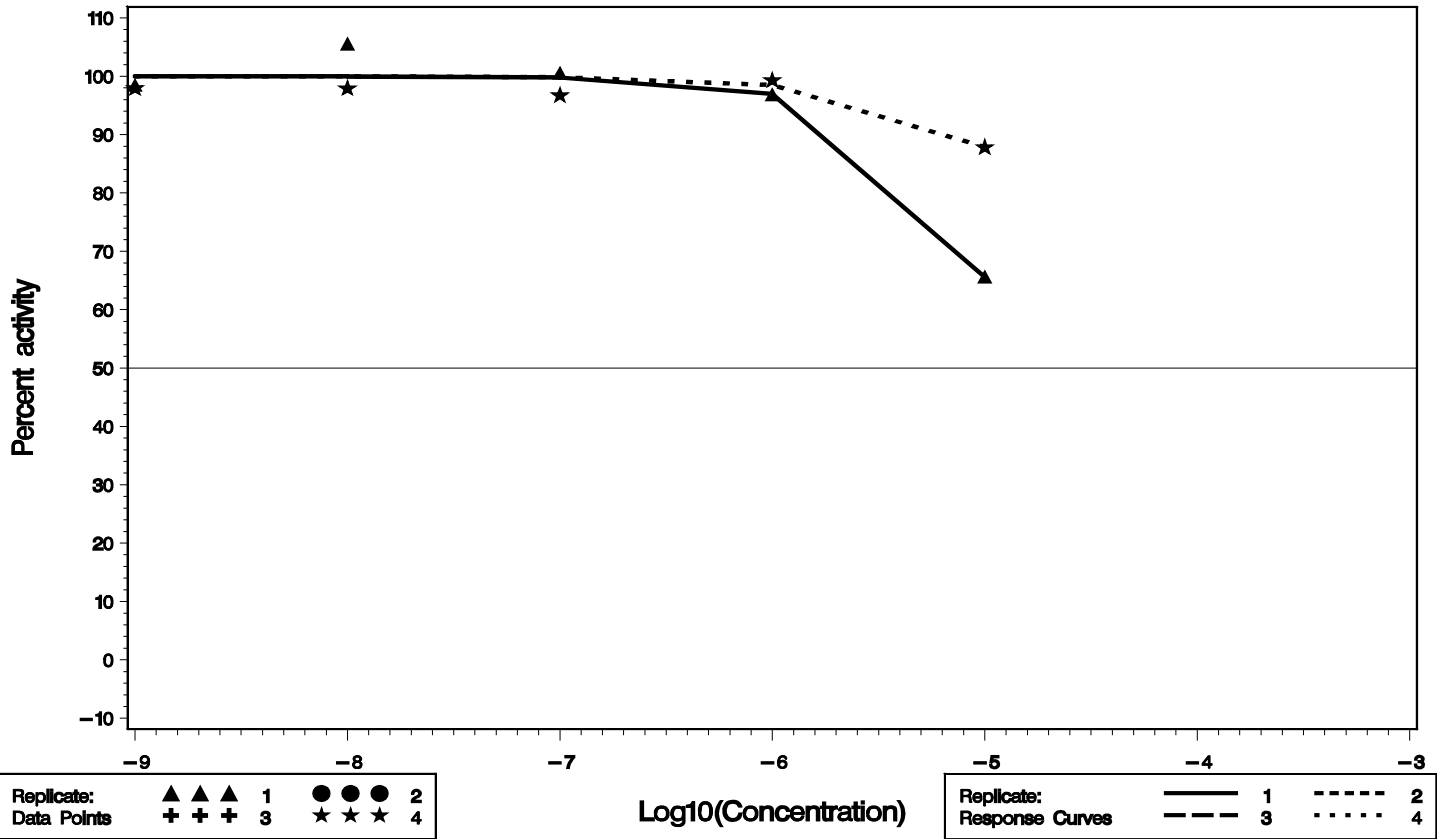

Placental Data Activity Results and Predicted Response Curves  
Chemical = Lindane

# Placental Data Activity Results and Predicted Response Curves

Chemical = Nonylphenol

# Placental Data Activity Results and Predicted Response Curves

Chemical = bis(2-ethylhexyl)phthalate
